

## Don't just take our word for it!

"Having myself received training as a guide, I was recently privileged to participate in a tour that I would have been proud to have delivered. It was an artful balance of informed and historic narrative, with humour infused in a charming delivery. We are anxious to return to Chester and share this experience with our friends and family. I am confident each new tour will take on its own unique character as it suits the interests of all those who participate."

*Caroline and Tom Worthy, Kingston, Ontario, Canada*

"I want to thank you on behalf of the society for last night's evening of illumination and beer. Everyone really enjoyed themselves. It was remarked upon, on more than one occasion, that every building has a tale to tell. Thanks for helping to broaden our knowledge of Chester".

*Bill Sheppard, Chester University History Society*

"Many thanks for a fun and informative tour around Chester for us and our friends. You could not have been more flexible and helpful and made a real bespoke tour to suit all our requirements.. The tour was delivered with infectious enthusiasm and is definitely something we will do again with other friends!"

*Graeme and Kelly Colwyn*

## Let me be your guide to this, the ancient & beautiful city of Chester!

I invite you to join me, longtime Chester resident, author, historian and photographer Steve Howe to wander Chester's world-famous city walls- the most complete in Britain- and discover the delights of the rest of our lovely city too.

Quick introductory tours of the city centre or in-depth study walks upon your choice of specific themes, I'm happy to meet your exact requirements and guarantee an unforgettable experience; friendly and informal, informative and entertaining.

My walks take place all year round and at times to suit you, cater for all age groups and all levels of mobility. We go at your pace and enjoy along the way regular breaks in some of Chester's finest historic hostelryes...

I'm pleased to now be able to offer my guided walks for visitors to our neighbour, the great city of Liverpool too.
